

AGAPANTHUS Ecopanthus™

PAVLOVA PVR30988

KEY FEATURES

- Bred by Terry and Lindsey Hatch, Joy Plants, Auckland, New Zealand
- A newly certified, low fertile, Ecopanthus™ variety with less than 2% seed set
- Masses of strong stemmed flower heads appear on cue for Xmas picking (in NZ)
- Large flower heads contain a multitude of long lasting, brilliant white flowers
- Foliage dies down over winter, refreshing the plant annually with new spring foliage
- Tidy, compact selection
- Excellent mass planted, used rhythmically throughout a garden border or as a container specimen
- Drought tolerant
- 0.6m x 0.6m (in flower)
