

CORDYLINE BROADSWORD PVR32779

KEY FEATURES

- Bred by John and Jackie Thirkettle, Thirkettle Nurseries, Nelson, New Zealand
- A Cordyline australis x obtecta hybrid
- The tropical appearance defies the hardiness of this luscious beauty
- Dark green foliage thickens as the plant matures, providing wonderful textural effects
- Spectacular flower heads containing masses of tiny lilac flowers attract bees and fill the evening air with a strong honey-like scent
- Plant in pots or garden beds to impart a fresh, eye-catching tropical feature
- Low maintenance, coastal tolerant
- Protect from heavy frost
- 3m x 1.5m
