

CORDYLINE DESIGN A LINE

BURGUNDY PVR30826

KEY FEATURES

- A Cordyline pumilio x banksii hybrid bred by Malcolm Woolmore, Kiwiflora International, New Zealand
- Rich burgundy, strap-like, foliage gracefully arches over as it matures
- An outstanding feature plant creating stunning colour and textural effects
- Versatile, low maintenance and year-round appeal
- Plant in pots or garden beds
- Coastal tolerant with low water requirements once established (but best kept evenly moist)
- Protect from frost
- 1m x 1m
