

# LOMANDRA SEA SCAPE PVR31021

## KEY FEATURES

- Stunning *Lomandra confertifolia* ssp *rubiginosa* selection
- Blue-grey foliage contrasts nicely with dark green and golden hues
- Finely textured foliage and a graceful weeping habit stands out against boldly textured foliage and softens hard landscaping
- Mass planting produces a cruisy seaside ambience – especially as the foliage moves like waves in the breeze!
- Small, sweetly aromatic yellow flowers appear on long stems in summer
- Versatile, compact and easy to grow
- Drought, frost, wind and coastal tolerant
- 0.50m x 0.75m
